Since the beginning of this year (January 2023 – November 2023), we received a total of **268** HandleWithCare tips.

As time progresses, more counties are joining the HandleWithCare program.

The “Handle With Care” Model:

If a law enforcement officer encounters a child during a call, that child's information is forwarded to the school before the school bell rings the next day. The school implements individual, class and whole school trauma-sensitive curricula so that traumatized children are “Handled With Care”. If a child needs more intervention, on-site trauma-focused mental healthcare is available at the school.
